Brief History of Athens State University

Athens State University is one of the oldest universities in the state of Alabama and possesses a rich history. In December of 1822, a group of citizens from Athens, Alabama had a vision for an institute of higher learning to serve the educational needs of the women in the community. After five acres of land was purchased and a single building was built, Athens Female Academy was born, and the storied history that would eventually lead to the creation of Athens State University began.

In 1842, ownership of the school was transferred to the Tennessee Conference of the Methodist Church. With the switch, Athens Female Academy became Athens Female Institute. This name remained throughout the conflict of the Civil War and through the birth of the North Alabama Conference of the Methodist Church in 1870, when the Institution came under the jurisdiction of that body. Following this transfer to the newly formed conference, the name was again changed in 1889 to Athens Female College.

Following changes in social mores and community needs, Athens Female College was transformed into a co-educational institution of higher learning in 1931 and became known as Athens College. More than 40 years later, the College sought, and was granted affiliation with the State of Alabama as a public institution of higher learning.

Founders Hall

In June 1975, the Alabama State Board of Education accepted Athens College into the state educational system and appropriated funds for the College to assist graduates of state junior, community, and technical colleges and institutes. Renamed Athens State University in 1998, the institution transitioned, in October 2012, to a new governance structure under an independent Board of Trustees and is no longer under the oversight of the Alabama State Board of Education.

As the only institution in the state of Alabama offering exclusively upper-division degree programs and services, Athens State University continues to enjoy an important and unique position within the community. With a firm history upon which to build its foundation, the University's colorful past has supplied the institution with the tools necessary to continue serving Alabama far into the future.

The academic year is often referred to using the year associated with the spring and summer semesters (e.g., academic year 2019-2020 may also be referred to as academic year 2020). *IPEDS collects and reports annual data for completions using a summer, fall, and spring term timeframe.*

Admissions/Acceptance Rate: The percentage of applicants with a decision who were accepted for admission during a given period of time.

Admitted Student: Any applicant who has been granted admission and has received an official offer to enroll.

Applicant: Any individual seeking admission for the first time who submits an application package and application fee.

Census Date: The official reporting date for institutional data submitted to IPEDS and ACHE.

Class: One instance of a course (or multiple courses) offered at a certain time and location that may include one section, or multiple sections (or course reference numbers) in the case of a cross-listed course. (see *Course Section* for distinction)

Cohort: A group of people with a common characteristic (e.g., all students who entered the institution during the same academic year) established for tracking purposes.

Completers: Graduates, or students earning a degree (unduplicated count).

Completions: The number of degrees awarded, reported by field of study, race/ethnicity, gender, and first or second major.

Course: Typically represented by a unique combination of subject code and course number (e.g., AC 301), except in the case of cross-listed courses which typically have the same course title but different subject codes.

Course Enrollment: A typically duplicated count of students enrolled in classes where students are counted for each class in which they are enrolled.

Course Section: A section of a course assigned a unique course reference number (CRN); one or more sections make up a class. (see *Class* for distinction)

GLOSSARY

Cross-Listed Course/Class: A course offered for registration under two or more departments (the cross-listed courses have the same title, but different subject codes). A cross-listed class is made up of multiple sections with the same content but different subject codes and course reference numbers. Cross-listed courses are taught by the same instructor typically at the same time and location.

Delivery Mode: The primary method or technology used to deliver instruction and information to students and facilitate communication between faculty and students. Instruction may be offered in-person or as distance learning.

Distance Learning (often abbreviated as DL): Distance Learning is a formal educational process in which the majority of the instruction and interaction occurs when students and instructors are not in the same physical space. Instruction may be synchronous or asynchronous with regular and substantive interaction. Distance Learning includes fully online and blended courses.

Faculty Credit Hour Production: Total credit hours taught by faculty in a given period.

Fiscal Year: Funding year that runs October 1 through September 30.

Full-Time (FT) Faculty: A full-time employee whose primary duty is instruction (per IPEDS). Full-time employees whose primary duty is not instruction but who hold faculty rank (e.g., librarians) are sometimes included as full-time faculty for internal reporting.

Full-Time (FT) Student: An undergraduate student enrolled in 12 or more semester hours, or a graduate student enrolled in 9 or more semester hours.

Full-Time Equivalent (FTE) Student: Full-time equivalent enrollment calculated by term and by year using the following formulas, respectively:

- Student FTE (by Term) = Total undergraduate semester credit hours divided by 15; total graduate semester credit hours divided by 12. (*Alabama Commission on Higher Education definition*)
- Student FTE (12-month) = Annual undergraduate credit hours divided by 30; annual graduate credit hours divided by 24. (*IPEDS definition*)

Graduation Rate: The percent of degree-seeking students that completed bachelor's degree requirements at Athens State University within six years of the term in which they initially enrolled (*eight years is used when based on IPEDS Outcomes Measures*).

GLOSSARY

Headcount: Unduplicated count of registered students. (see *Unduplicated*)

Instructional Method: Related to the **delivery mode** of a course. Examples of course instructional method codes and descriptions:

- **DL-Blended** (code **BL**): Course includes a blend of distance learning with the traditional classroom environment.
- **DL-Online** (code **DL**): A course taught 100% online with no required synchronous sessions.
- **DL-Synchronous** (code **SC**): A course taught 100% online with some required synchronous sessions.

Non-Degree Seeking Student: A student enrolled in classes but not seeking a degree.

Part-Time (PT) or Adjunct Faculty: Non-tenure track faculty serving in a temporary or auxiliary capacity to teach specific courses on a course-by-course, term-by-term basis.

Part-Time (PT) Student: An undergraduate student enrolled in fewer than 12 semester hours or a graduate student enrolled in fewer than 9 semester hours.

Returning Student: A previously enrolled student that is currently registered for class(es).

GLOSSARY

Student-to-Faculty Ratio (IPEDS definition): Student FTE divided by Faculty FTE, where,

Student FTE = FT Students + (number of PT students divided by 3) and

Faculty FTE = FT Faculty + (number of PT faculty divided by 3) + (number of teaching admin/staff divided by 3)

Student Retention Rate (Fall-to-Fall): The percentage of students from an initial cohort (new degree-seeking students each fall term - may be adjusted) who return the following fall term. Students who graduate during the initial academic year are not included in the calculation. *(The Retention rate is different from the Persistence rate since only new degree-seeking students are included in this calculation.)*

Student Persistence Rate (Fall-to-Spring): The percentage of students from an initial cohort (all students or degree-seeking students enrolled each fall term) who return to the institution in the spring term. Students who graduate during the initial term are not included in the calculation. *(The Persistence rate is different from the Retention rate. All students or all degree seeking students, not just new students, are included in this calculation.)*

* During an academic year a student who is counted as a graduate may also be counted as an undergraduate, so the sum of undergrads and grads may be larger than the total annual headcount (which is unduplicated).

** Credit Hour Production level is based on course level.

*** Annual FTE based on IPEDS 12-Month Enrollment (prior to 2019-2020 used Summer, Fall, Spring terms). Audits excluded.

**** Graduate FTE not reported to IPEDS in 2016; the 2016 total FTE only includes undergraduates.

The total number of classes in a given time period is lower than the total number of sections because multiple sections may be cross-listed as one class. Cross-listed classes made up of sections of different instructional methods are credited to the instructional method with the highest enrollment, but the credit hour production is credited to the corresponding instructional method of the section. The Fall terms do not match the academic year they are listed under (they are one year ahead).
